

SAFETY DATA SHEET

TRADE NAME (Common Name or Synonym)	CHEMICAL NAME	PREPARED BY
Tin Solder	Tin	Metallic Resources
USED IN INDUSTRIAL SOLDERING PROCESSES ADDRESS (No., Street, City, State, Zip Code): Motallic Posources, Inc., 2368 East Enterprise Pr	arkway Twinsburg OH 11087	
	arkway, Twinsburg, OH 44087 PHONE NUMBER	
ADDRESS (No., Street, City, State, Zip Code): Metallic Resources, Inc., 2368 East Enterprise Pa		

Section 2: HAZARDS IDENTIFICATION

Signal Word: Warning

Hazard statement(s)

H319 Causes serious eye irritation (dust/powder form) H335 May cause respiratory irritation

Precautionary statement(s)

P261 Avoid breathing dust/fume/gas/mist/vapors/spray

P270 Do not eat, drink or smoke when using this product

P271 Use only outdoors or in a well-ventilated area

P273 Avoid release to the environment

P280 Wear protective gloves/protective clothing/eye protection/face protection

P362 Take off contaminated clothing and wash before reuse

P302 +P352 IF ON SKIN: Wash with plenty of soap and water

P305 + P338 IF IN EYES: Rinse cautiously with water for several minutes. Continue rinsing. (15 mins)

P304 + P340 IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.

P337 + P313 If eye irritation persists: Get medical advice/attention.

POTENTIAL HEALTH EFFECTS:

Eye Contact: Ingestion:	Irritant in dust form. May cause irritation in solid form. Not generally considered toxic, but large amounts may cause gastrointestinal disturbances due to local irritation.
Inhalation:	Dust may cause irritation to the respiratory tract.
Skin Contact:	Mechanical irritant on contact cannot be absorbed through skin. May cause irritation.
Chronic:	Prolonged inhalation of dust form may cause pneumoconiosis, producing distinctive changes in
	the lungs with no apparent disability or complications.
NOTE:	Metallic Resources does not recommend, manufacture, market or endorse any of its products
	for human consumption.

Tin Solder

Section 3: COMPOSITION/INFORMATION ON INGREDIENTS				
Material or Substance C.A.S. # Wt. %				
Tin	7440-31-5 99.3 – 100%			

Section 4: FIRST AID MEASURES

Eye Contact: Hold eyelids apart and flush eyes with plenty of tepid water for at least 15 minutes. Seek medical attention if irritation persists.

- Ingestion:If patient is conscious, ONLY induce vomiting as directed by trained personnel. NEVER give
anything by mouth to an unconscious person. Seek medical attention immediately.
- Inhalation:Remove to fresh air. If not breathing, give artificial respiration or oxygen by trained personnel.
Seek immediate medical attention.
- **Skin Contact:** Remove contaminated clothing. Wash affected area with soap and water. Wash clothing before reuse. If irritation persists, obtain medical attention.

Section 5: FIRE FIGHTING MEASURES

Flash Point:	Not established.	Method:	Not established.
Auto-ignition 7	Temperature: 1166	F (630C) dust clo	oud; 806F (430C) dust layer
Flammable Lin	nits: LEL 0.19 g/l. F	ine dust could l	be a potential explosion hazard. Sufficient concentration in
Extinguishing I	explosible co Media: Use extinguis	ncentration: 0.1 hers appropriat olomite. Water	nition source is a potential dust explosion hazard. Minimum 9 g/l particle size and air concentration determine reactivity. 9 for the surrounding fire conditions. Use dry sand, sodium , A/B/C extinguishers and halogenated agents are not
Special Fire Fig Procedures:	shting Firefighters w protective clo	• •	ed self-contained breathing apparatus and full

Tin is not considered to be flammable or combustible.

Section 6: ACCIDENTA	L RELEASE MEASURES
Spill or Leak Procedures:	Wear respirator and other personal protective clothing. (See Exposure Controls/Personal Protection Section). Extinguish or remove all sources of ignition. Ventilate area. Clean up spill without generating or dispersing dust into the air. Vacuum solids instead of sweeping using a grounded unit. Reduce airborne dust and prevent scattering by moistening with water. Place spilt material in a container and dispose of in accordance with applicable regulations.
Section 7: HANDLING	AND STORAGE
Handling Precautions:	Avoid breathing vapors from heated material and dusts from cutting or grinding. Avoid contact with eyes, skin and clothing. Follow routine safe handling procedures. Use with adequate ventilation. Solid material does not present a hazard. Tin in dust form must be contained. Wear gloves and a respirator may be needed during certain work tasks where there is a potential for exposure.
Storage Precautions:	Keep away from heat and flame. Store in suitable, tightly capped, and labeled containers in cool dry, well-ventilated area. Empty containers may be hazardous as they contain product residue. Containers of dust product must be grounded to control potential static charge.
Section 8: EXPOSURE	CONTROLS/PERSONAL PROTECTION
Engineering Controls:	Local exhaust ventilation is recommended to control any airborne contaminants and to keep exposure limits to as low as possible. Ventilation is required in dust applications or when grinding or cutting.

SDS-TIN LEAD FREE.docx Lead Free	Tin Solder
Personal protection:	
Eyes:	Chemical safety glasses/goggles. Face shield for splash hazards.
Section 8: EXPOSURE	CONTROLS/PERSONAL PROTECTION (Continued)
Respirator:	An approved or compliant air-purifying respirator with a fume/dust chemical cartridge or HEPA dust mask is recommended under certain circumstances where airborne concentrations are expected to be elevated. Warning: Air purifying respirators do not protect the worker in oxygen-deficient atmospheres. Dust mask is not recommended in high exposure areas.
Skin:	Wear protective gloves when handling powder form or hot metal.
Other:	Eye-wash fountain/shower in work area. Avoid the use of contact lenses in high fume and dust areas.
Work/Hygienic:	Maintain good housekeeping. Clean up spills immediately. Good personal hygiene is essential. Avoid eating, smoking or drinking in the work area. Wash hands thoroughly with soap and water immediately upon leaving the work area.

Section 9: PHYSICAL AND CHEMICAL PROPERTIES			
Appearance:	Silver grey solid metal	Boiling Point: Not applicable.	
Odor:	Odorless	Melting Point: 447°F (231°C)	
Specific Gravity:	Alloy Dependent	pH: Not applicable	
Vapor Pressure:	Not applicable.	Solubility in Water: Insoluble	
Vapor Density:	(air=1) Not applicable.	Flash point: Not applicable	

Section 10: STABILIT	TY AND REACTIVITY
General:	Stable.
Constitutions to Arrestal.	Not onto blink on

Conditions to Avoid:	Not established.
Incompatible Materials:	Avoid contact with mineral acids.
Hazardous Decomposition /	Tin/Tin Oxides
Combustion:	
Hazardous Polymerization:	Will not occur.

Section 11: TOXICALOGICAL INFORMATION

Carcinogenicity: National Toxicity Program (NTP): No Occupational Safety & Health Administration (OSHA): No U.N. International Agency for Research on Cancer (IARC): No LD50: Not established LC50: Not established Other: RTECS#: Tin – XP7320000 (Registry of Toxic Effects of Chemical Substances)

Section 12: ECOLOGICAL INFORMATION

No Data Available

Section 13: DISPOSAL CONSIDERATION

Waste Disposal Method:Scrap metal alloy usually has value. Contact a commercial reclaimer for recycling.
Otherwise, dispose of in accordance with all Federal, State and Local environmental
regulations. In Europe follow the Special Waste Regulations. Avoid release to the
environment.

Section 14: TRANSPORT INFORMATION

Transport in accordance with applicable regulations and requirements. Not regulated under US DOT (United States Department of Transportation. Non-hazardous under shipping regulations.

Not dangerous goods

Section 15: REGULATORY INFORMATION

UNITED STATES

HCS Classification: Irritating material, target organ effects.

U.S. Federal Regulations: All ingredients comply with applicable rules or orders under US TSCA.
All components are listed or exempted.

SARA 313	Substance Name
Form R - Reporting Requirements:	Tin (solid) is not a hazard

Supplier Notification: Tin (solid) is not a hazard

Reach Directive: This product does not contain any Substances of Very High Concern (SVHC).

Section 16: OTHER INFORMATION		
ABBREVIATION TERMS:		
ACGIH American Conference of Government Industrial Hygienists		OSHA Occupational Safety and Health Act
